

ODYSSEY[®]
BATTERY

Introducing the new line of ODYSSEY[®] battery chargers

ODYSSEY[®] battery chargers are designed to efficiently charge ODYSSEY batteries and other quality brands of 12-volt Absorbed Glass Mat (AGM), flooded lead acid batteries and 12-volt lithium batteries (LiFePO4, Li-Fe, Li-iron, LFP).

Whether you need a charger for the car, boat or professional workshop, we have a model that's right for you, offering performance, quality and speed in a rugged casing.

- Fast, fully automatic charging after selecting battery type
- Lightweight and highly portable
- Built in temperature controls
- Battery status indicator
- 5, 15 and 25 Amp models available
- Compatible with most 12-volt battery types
- Limited 2-year full replacement warranty
- Requires constant 120-volt AC input to charge battery (not a jump starting device)

See battery charging mode and status at a glance.

Extremely portable and impact resistant.

DC charging clamps are fast and easy to connect.
